Welcome

.A heartfelt thank you to all our parents and carers for your continued support with attendance and punctuality. We know that mornings can be busy, and we really appreciate everything you do to help your children arrive at school on time, happy and ready to learn. Your support makes a real difference, and together we can help every child thrive. Every day counts!

Thanks for being part of our journey!

Punctuality Reminder

8.30 Gates Open
Gates are open for our calm start where pupils can go into class or access the library.

8.45 Gates close
The School day officially begins.

8.55 Registers Taken
Arriving after this time will be marked L . If you arrive after 9.25, you will be marked as U (Unauthorised absence).

Winter Illness

As we move into the colder months, we understand that coughs and colds are more common. If your child is generally well, eating, playing and able to manage their day, we encourage them to attend school. We will keep a close eye on their wellbeing, encourage fluids and provide opportunities to rest when needed. Being in school also helps children maintain routines and enjoy time with their friends. Please keep your child at home if they have a high temperature, are too unwell to manage the school day or have been advised to stay off by a medical professional. Thank you for helping us keep everyone happy, healthy and learning!

Appointments

We kindly ask for your continued support in helping us protect valuable learning time. Wherever possible, please arrange medical and other appointments outside of the school day, either after school or during the school holidays. We understand this isn't always possible, but minimising time away from school helps children stay on track with their learning and progress

Term Time Holidays

Taking holidays during term time can significantly disrupt your child's learning and progress. Every subject is carefully planned and sequenced, with each lesson building on previous knowledge and skills. Missing even a few days can mean missing vital steps in learning, creating gaps in understanding that may make future lessons more challenging. These gaps can affect pupils' confidence, achievement and long-term progress.
Every lesson matters, and every school day counts.

Miss School... Miss out !
